

PROFILE

I am a determined and goal-driven professional. I would describe myself as a friendly, approachable and highly motivated individual.

I adapt quickly to new environments and thrive on gaining new skills every time.

Every decision I make I keep the target audience at paramount importance, with effective data analysis and agile practices I thrive to create a better experience for clients.

I value others' opinions and like to learn in everything I do.

WORK EXPERIENCE

DP COMPUTING

Dec 2019 to date

Field Services Manager

Supported several IT projects for clients based on their business needs. Mostly we have been working with government departments, their database and server management. Some of the clients we work with are, Federal courts, Tafe SA, Royal Adelaide Hospital, Adelaide Airport, Parafield Airport, Department of Defense, Coles group, Westpac Group, Woolworths group, National Heavy Vehicle Regulators, Aged care quality commission and etc.

TARGET AUSTRALIA

July 2018 – Nov 2019

Store manager

Every decision I make I keep the target audience at the heart of everything we do, whilst working in different stores at Target Australia from underperforming stores to the launch of first online fulfillment center in SA, some of everyday work routine encompasses the following, Managing online channel performance across the region to deliver smooth online sales operation, understand financials, analyze variances and initiate corrective actions.

Developing project related collateral including project briefs, presentations, complex data analysis, benefits trackers, fishbone diagrams, process maps, value stream maps and SOPs.

MARKS & SPENCER Plc UK

Oct 2010 – Jan 2018

Project Manager

I have managed different business units/projects within the company to increase the collective value of Marks & Spencer Plc in international market, whilst working at Marks and Spencer I have been highly regarded from higher management due to my consistent performance and achieving business targets effectively with high customer satisfaction. I have also been declared as "Probe Champion" due to effective probing skills. Worked as part of the lead team launching Marks & Spencer's bank and engagement of retail customers about the latest business initiative.
